

## SPAIN - National Funding Regulations of ISCIII

Applicants will be advised to check with the respective national **Call Contact Person** the eligibility as to who may apply and what costs are eligible before a consortium submits the complete application.

Contact Details	
<b>Institution</b>	Instituto de Salud Carlos III (ISCIII) <a href="http://www.isciii.es">www.isciii.es</a>
<b>Country</b>	Spain
<b>First Name</b>	María Cristina
<b>Surname</b>	Nieto García
<b>Email</b>	<a href="mailto:mnieto@isciii.es">mnieto@isciii.es</a>
<b>Initial Funding Commitment</b>	<p>750,000.00 Euros (topic 2.1 Personalised Medicine)</p> <p><b>Maximum funding from ISCIII per awarded Spanish project partner:</b></p> <ul style="list-style-type: none"> <li>• Up to <b>175,000 €</b> per partner (overheads included)</li> <li>• Up to <b>250,000 €</b> per coordinator (overheads included)</li> </ul>

Additional national eligibility criteria for the proposal beyond the general criteria in the Terms of Reference of the Joint Transnational Call:

Eligible institutions	<ul style="list-style-type: none"> <li>• <b>Accredited Health Research Institutes</b> (Institutos de Investigación Sanitaria acreditados, IIS) Accredited according to the RD 339/2004, of February 27th or RD 279/2016 (These institutions may manage research via a foundation regulated according to the Spanish Act 50/ 2002, of December 26th). See the list of IIS in <a href="#">this link</a>.</li> <li>• <b>Hospitals, primary health care or public health administration of the Spanish National Health System (SNS)</b> These institutions may manage research via a foundation regulated in accordance to the Spanish Act 50/2002, of December 26th (a copy of the foundation's statutes may be submitted).</li> <li>• <b>Institutions belonging to the INB/ELIXIR-ES</b> (The Spanish Institute of Bioinformatics) as long as the participants are those from the Institute of Bioinformatics.</li> <li>• <b>CIBER</b>. Team members applying to the call must be from at least two groups belonging to CIBER in two different home institutions and one of these two should be a Hospital, primary health care or public health administration of the Spanish National Health System (SNS) or Accredited Health Research Institutes (Institutos de Investigación Sanitaria acreditados, IIS). Please contact Cristina Rodríguez (<a href="mailto:cristina.rodriguez@ciberisciii.es">cristina.rodriguez@ciberisciii.es</a>) for more information related to CIBER's eligibility.</li> </ul>
-----------------------	---

	<ul style="list-style-type: none"> <li>• <b>Academia and Other Research Centers</b> (public or private non-for profit). These entities can <b>only</b> participate if they apply together with Hospitals, primary health care or public health settings of the Spanish National Health System (SNS), or Accredited Health Research Institutes (Institutos de Investigación Sanitaria acreditados, IIS) in the same proposal. It is not allowed to apply independently, thus <b>there must be two beneficiary Spanish institutions requesting funding to ISCIII in the same proposal.</b></li> </ul> <p>PLEASE NOTE:</p> <ol style="list-style-type: none"> <li>Applicants from ISCIII are eligible. Eligibility criteria from AESI 2022 apply.</li> <li>Durations of national grants are up to 3 years.</li> <li>Same institution cannot participate with more than one partner in the same project proposal.</li> <li>Only one PI per beneficiary institution may be funded within the same proposal.</li> <li>A given PI can apply only once to this call.</li> <li>There is no other incompatibility with AES 2022.</li> <li>Incompatibility for application to any other call are subject to the provisions in the relevant call.</li> <li>SMEs and other private companies are encouraged to participate at their own cost, as subcontractors</li> </ol>
Additional eligibility criteria	<p>Due to administrative and legal regulations, the Institute of Health Carlos III establishes the national deadline for the decision on fundable project consortia which includes Spanish partners to be funded by ISCIII according to the National application period stated in AES 2022. Any concerned applicant in a proposal for which no final decision has been made by the deadline, could be declared not fundable by ISCIII.</p>
Eligibility of PI and team members	<ul style="list-style-type: none"> <li>• Principal Investigators (PI) can only participate in one project proposal per call.</li> <li>• Principal Investigators (PIs) belonging to any IIS could apply from the IIS or from any of the institutions belonging to the IIS</li> <li>• The Principal Investigator (PI) and all members of the research group must belong to the eligible institution or be affiliated to CIBER, CIBERNED or an IIS.</li> </ul> <p><b>Excluded</b> personnel as Principal Investigator (PI):</p> <ul style="list-style-type: none"> <li>• Those undergoing a postgraduate training in Health Specialization (MIR, EIR, FIR, QIR, BIR, PIR, RFIR).</li> <li>• Those undergoing research training (e.g. PhD students, or “Río Hortega” contracts).</li> <li>• Researchers contracted by a RETIC/RICOR.</li> <li>• Those undergoing postdoctoral training (e.g. “Sara Borrell” or “Juan de la Cierva” contracts).</li> </ul>
Eligible costs	<ul style="list-style-type: none"> <li>• Personnel costs for temporary employment contracts (scholarships are not eligible), with a maximum of 36 PM in total for the personnel contracts altogether.</li> <li>• Current costs, small scientific equipment, disposable materials, travelling expenses and other costs as included in AES 2022 that can be justified as necessary to carry out the proposed activities.</li> <li>• Overheads, according to AES 2022.</li> </ul>

	<ul style="list-style-type: none"> <li>• National applications will be required by ISCIII. Spanish Applicants should periodically check in the web page of ISCIII if they are qualified. ISCIII may not send invitations to the mandatory national phase.</li> <li>• Double funding of the same concept is not allowed.</li> </ul>
Funding of public-private partnerships allowed	<i>YES. In the case of private partners, please be aware that ISCIII itself is only providing funds to private non forprofit research institutions in the terms described at “Eligible Institutions” section.</i>
Funding of Early Career Researchers	Yes
Mandatory acknowledgment	Any publication, data base, product or event protected with IPR or not, resulting from the granted project must acknowledge “Award no. XX by Instituto de Salud Carlos III (ISCIII) thorough AES 2022 and within the EU-LAC IG framework” even after the end of the project. For more information please see ISCIII’s ROR <a href="#">here</a> .
Requirements on data and repositories	<ul style="list-style-type: none"> <li>• Researchers funded by ISCIII must make public the human genomic data, as well as relevant data (phenotype and exposition data) generated inside the funded project and will use open access repositories. Researchers must also make public all the necessary information for the interpretation of these genomic data, including lab protocols, data instruments survey tools. Regarding genomic data it is understood: association of complete genomes (GWAS), matrixes of de polymorphism of a single nucleotide (SNP) and sequence of genome, and transcriptomic, metagenomic, epigenomic and gene expression data. The researchers whose projects are funded by ISCIII are recommended to store their scientific data at the "<a href="#">ELIXIR Core Data Resources</a>", or if non-European repositories or data bases are to be used they must be certified by ELIXIR or the US National Center for Biotechnology Information (NCBI).</li> <li>• ISCIII may not fund any project that may require a repository and/or a data base without a plan ensuring sustainability and decommissioning after the end of funding.</li> </ul>
Requirements for clinical studies	Spanish groups participating in a proposal performing a clinical study are encouraged to contact and include as members of the team personnel from the Clinical Trial Unit (Unidades de Investigación Clínica y Ensayos Clínicos - UICEC) belonging to the Clinical Research Supporting Platform of their institutions, the scientific node of the EU Clinical Trials Network (ECRIN-ERIC). It could be included as member of the group applying to the call or as another partner eligible for being funded by ISCIII.
