They can be researchers in at most two projects.

Please note that further conditions may apply.

It should be noted that any project decided to be funded by TÜBİTAK in the framework of ARDEB 1001 Programme will have to fill in full ARDEB 1001 proposal forms and will have to provide all other requested accompanying documents and attain the necessary signatures and permits in order to be funded.

#### **B) Eligible applicants for the TEYDEB 1509 International Industrial R&D Funding Programme:**

TUBITAK's 1509-International Industrial R&D Projects Funding Program funds innovative R&D projects of private companies in Turkey that participate in international joint programs. All SMEs or large enterprises established in Turkey can apply to the program. Academic institutions and other R&D institutes (including non-for-profit research institutes recognized by TÜBİTAK) must participate the projects as subcontractors of SMEs or large enterprises and are covered under the partner's budget.

The further specifications for this program are summarized below.

Funding rates: SMEs can receive funds as 75% of all eligible R&D costs and large companies receive funds as 60 % of all eligible R&D costs.

Major eligibility restrictions:

The only precondition for companies to apply for this program is to take part in international R&D projects.

Industrial research and experimental development phase of R&D is funded and the following sub-phases of these activities are eligible:

- Conceptual development,
- Technological/technical and economic feasibility studies,
- Laboratory studies to be conducted in the process of transition from conceptual development to design,
- Design and development,
- Prototype production,

- Establishment of pilot plant,
- Test run.

- **WHAT TYPES OF FUNDING ARE ELIGIBLE FOR RESEARCHERS IN TURKEY?**

### **1. Eligible direct costs**

#### **1.A. Eligible direct costs for ARDEB 1001 Research Projects Programme**

The maximum funding per project is 360.000 TL (total for three years) to be shared between participating Turkish partners. There is no annual budget limit for the projects. This amount includes the scholarship payments, however, it excludes payments to the PI, Co-PIs, researchers, advisors, institutions and overhead costs. The total funding will not exceed 100% of the eligible costs.

Eligible types of funding under this programme are limited to personnel costs (scholarships), travel and subsistence costs, purchase of services, equipment and materials. Please see below for a detailed description of each item. Projects that involve building infrastructure are not funded.

##### **1.A.1. Research Material and small-scale research equipment**

Proposals for machine/equipment purchases should be balanced within the total budget. Purchase of consumables should also constitute a reasonable amount balanced with the total budget. A proforma invoice must be submitted for each machine / equipment item and for each consumables item exceeding 10.000 TL of purchase.

##### **1.A.2. Service costs**

Some of the project work (product designs, tests, experiments etc.) can be done utilizing the infrastructure of other academic/private foundations. Purchase of services should also constitute a reasonable amount balanced with the total budget and a proforma invoice must be submitted for each service.

##### **1.A.3. Personnel Cost**

Personnel costs include only the scholarships. The scholarships for master/PhD students and post-doc researchers are as follows:

If the scholar is not working for a certain fee:

Undergraduate student: 500 TL/month

Graduate student: 2.200 TL/month

PhD student: 2.500 TL/month

Post-doc researcher: 2.800 TL/month

If the scholar is working:

Graduate student: 400 TL/month

PhD: 500 TL/month

##### **1.A.4. Travel Costs**

The budget for travel (including living expenses), workshops and seminar organization cannot exceed 40,000 Turkish Liras for the entire project duration. Travels in business class are not accepted.

##### **1.A.5. Living Expenses**

For the travel of Turkish researchers, the amount of allowances varies according to the destination country and the conditions of the personnel.

##### **1.A.6. Expenses for the organization of small scientific events**

Organization of dissemination events such as meetings, workshops within the scope of the project is

eligible and limited to 10.000 TL. This budget can also be evaluated as a purchase of services and a proforma invoice taken from an organization company must be submitted.

**Important Note 1:** It should be noted that no overhead costs should be stated in international application. The overseas costs and all other payments to the Researcher, Advisor, Institution, Principle Investigator and Co-Principle Investigators (PTI payments) for the ARDEB 1001 Research Projects Programme application will be calculated later by TÜBİTAK.

**Note 2:** ARDEB 1001 Scientific Project Programme terms about funding of researchers situated abroad for a certain time in the project are not valid for international cooperation projects.

For ARDEB 1001 Scientific Projects Programme, eligibility of indirect costs should be checked from the programme web page:
